Apr 2019 – Apr 2021

Front-end developer, startup AgorStudio,
Voluntarily a not-yet-funded start-up company to develop its product, for self-educational purposes.

About me

Enthusiastic, developing and building websites.

Invited to join my friend's start-up company as a front-end developer "AgorStudio", I gained experience of working in this area.

As this area complements my studies, I am keen to gain more experience in the field. For this reason, I am looking for a company willing to offer me a placement among their developers. In return, I would offer my full commitment, and be a pleasant and friendly addition to your team.
